Dear John,

Thank you so much for traveling to the Bay Area last week to speak to our community. It was a pleasure working with you and learning more about your work. We were honored to have you at our school/ church to share your knowledge and expertise with with so many of our parents. Your presentation was thought-provoking and the response from the attendees was overwhelmingly positive. It was refreshing to have a speaker address "dad issues" and give men a space to share, learn, and gather with other dads. You are very personable and open and it is obvious how much you enjoy sharing your stories and work to inspire other dads. The parents also appreciated your candor and honesty with your own journey. Your work is very valuable and I hope that we can work together again in the future. Thank you again for taking the time to come speak to our community.

With much appreciation,
